

Dear Members,

My name is Daphne Hardin, I have been a member of Paddington RSL for many years. I was invited to stand in as a Director for the last twelve months, which I have been very proud to do so.

I have decided to nominate for the Board as I feel there are interesting times ahead for the Paddington area, (rebuilt stadium), which, ultimately will be beneficial for Paddington RSL. I feel the need for a strong, united Board, as the one I have been involved with, is very important for the future of the Club.

I have run a real-estate business in the Paddington/Darlinghurst area for fifty (50) years, selling the business in 2016. During those years I have seen great changes in the demographic with younger people and families moving into the area. It is this demographic we need to draw to Paddington RSL, so the future of the Club is assured.

I come from a business family, my brother owning a number of hospitality venues over many years. I am always happy to chat to any of you, the members.

I wish you all well.

Daphne Hardin.
