

Dear Members,

I am a current serving Board Member, have been for the past 2 years and are seeking re-election. I have completed the mandatory courses as set down by Clubs NSW. I am fortunate that I have had a long personnel friendship with Dr George Peponis OAM, President of Clubs NSW, his knowledge and guidance have been invaluable to me in my role.

Over the past 12 months the current Board has implemented a number of improvements within the club; these have been necessary for the benefit of our membership and have been outlined in the General Managers report.

The current Board have also approved some changes to the dress regulation this has been necessary to keep us in line with the social changes that we have seen occur in recent times. We must keep up the times or we may be left behind. Also, along with the General Manager a number of succession plans have been put in place to keep the club moving forward.

I live locally and actively participate with the Paddo RSL bowls group, which regularly meet at Victoria Barracks. This also enables me to mix socially with some of the military personnel and staff at the barracks.

I am available at any time, in the Club, for members to come and have a chat about any aspect regarding the Club.

Regards

Stephen Shrubbs.
